

the **NEW** face of sales success

Your ability to deliver the right message at the right time and in the right setting can make all the difference in the choices your customers make—and your bottom line.

NEW
Menu Board & Interrupt Panel

introducing the new SEEQ menu board and interrupt panel from Florida Plastics

For new, relocating or rebuilt stores or those undergoing a remodel, the SEEQ menu board is the ideal way to tap into McDonald's new and improved menu look, one designed for more powerful communication and enhanced quality perception.

The SEEQ signage reflects the very latest thinking in message presentation and delivery. Bright, clean and contemporary, SEEQ products enhance the customer experience by working hand-in-hand with new SEEQ and national Promotional graphics

new interrupt panel
Now there's a way to create impact before the point of sale to showcase merchandising such as salads and the dollar menu.

call Florida Plastics to order your SEEQ menu board today.
